

## Analytic Independence Seminar

---

### Join Alteryx & FYI Solutions to experience Analytic Independence

Date: Tuesday, March 8, 2016

Time: 2:30 am - 4:30 pm EST

Location: 35 Waterview Blvd., Parsippany, NJ ([Maplink](#))

Join us for this FREE seminar to learn how to gain analytic independence from brittle spreadsheets, complex code writing, and reliance on other departments to prepare the data for analysis.

#### Agenda

2:30 PM	Registration
3:00 PM	Keynote: Analytic Independence Overview Hear how Alteryx empowers data analysts to blend and analyze all relevant data, quickly and easily
3:30 PM	Deeper Business Insight with Alteryx: Customer Value Learn about the significant time savings and new insights that three different Alteryx users are delivering to their organizations
4:00 PM	Applying Analytic Independence: 3 Use Cases and Demo Get a practical overview of how Alteryx delivers analytic independence with the following three use cases: <ul style="list-style-type: none"><li>• Blending data from any source</li><li>• Preparing data for Tableau or Qlik</li><li>• Adding predictive and spatial analytics</li></ul>
4:30 PM	Networking and Refreshments

#### Why Should You Attend?

Learn how you can:

- Quickly gain quantifiable value out of your data - (in minutes - not days)

- Access, cleanse and join data in any format from nearly any source
- Prepare data for reports, presentations, visualization, or export to feed downstream processes
- Create an intuitive workflow to document and automate data manipulation tasks

The practical, educational and networking benefits of attending this event will help you advance your analytics expertise, and show you how to deliver faster and deeper business insights.
